IDENTIFIERS	*Bubbles

ABSTRACT

This learning station guide adapts the Bubble Festival, an all-school event, for individual classrooms. It presents students with a variety of different challenges at learning stations set up around the classroom. The activities are student-centered and involve open-ended investigations. Also included are ways to extend students' experiences at each learning station with "Going Further" activities, many of them multi-disciplinary in nature. Activities include: Body Bubbles, Bubble Shapes, Bubble Measurement, Bubble Technology, Bubble Colors, Bubble Windows, Bubble Walls, Bubble Foam, Bubble Skeletons, Frozen Bubbles, Stacking Bubbles, and Swimming Pool Bubbles.
